WORK EXPERIENCE

Sr. Consultant
T-Systems ICT India Pvt. Ltd.

05/2020 - Present   *Pune, India*
a Deutsche Telekom group company

Achievements/Tasks

- Leading from front as UI Architect to develop an **ML-Ops** workplace to run/ manage/ share/ create automated workflows to manage the complete lifecycle and operations of **AI/ ML models**. This is somewhat like the *Google's Kubeflow*.
- Brainstorming design strategy for the product and getting it implemented
- We are using **VueJs** in the frontend and **Java (spring boot) microservices** at the backend. For DB, we are using **MongoDB.** UI is styled using **Bulma** CSS

Senior Developer
Siemens DISW

03/2018 - 05/2020   *Pune, India*
Siemens Digital Industries Software (DISW)

Achievements/Tasks

- Helped develop Siemens's core Web UI Declarative Framework called "Siemens Web Framework (SWF)", which is a configuration first framework that follows top trends in the front-end development like component-oriented design, declarative coding, consolidation of state management, client-side routing, etc
- Intentionally made it declarative to make it agnostic to rapid changes to underlying web technologies frameworks
- Performed well in areas of build, bundling for increasing performance, and UI Refresh

Technical Lead
IBM India Pvt. Ltd.

06/2013 - 03/2018   *Pune, India*

Achievements/Tasks

- Perform analysis, design and development of banking web application (using HTML, XSL, Javascript, .NET and ARGO Customisation tool) for our IBM US customer *SunTrust Bank Inc.*
- Mentoring and leading new team members to understand our client's application, process and deliver bug-free solution in every release, after proper code review
